# Gharieni Group is Brand Official of Forbes Travel Guide

## About Forbes Travel Guide

Forbes Travel Guide is the only independent, global rating system for luxury hotels, restaurants and spas. Started as Mobil Travel Guide in 1958, the company created the first Five-Star rating system in the United States. Today, Forbes Travel Guide's incognito inspectors travel the world, evaluating properties based on up

to 900 rigorous, objective standards. The company's annual Star Ratings, reviews and daily travel stories help discerning travelers select the world's best luxury experiences.

The Gharieni Group is the only spa supplier to have been selected by the prestigious international Forbes Travel Guide as one of its "Brand Officials". This is because Gharieni's world-class products and excellent customer service in the spa and wellness sector meet the high benchmarks and standards that Forbes Travel Guide uses to evaluate spas, luxury hotels and restaurants. This great recognition reflects our engagement to provide our customers with outstanding service, highest comfort and first-class design.

From initial concept to installation, Gharieni strives to provide clients with a memorable and immersive treatment experience by incorporating multi-sensory components and extensive customization options into its products. The designation by Forbes Travel Guide will reinforce our goal to pay utmost attention to the design details and differentiation of our equipment.

"We are pleased to name the Gharieni Group as the Official Spa & Wellness Equipment Manufacturer of Forbes Travel Guide," said Filip Boyen, CEO of Forbes Travel Guide. "Gharieni's team of experts oversees every step of design and customizes spa tables, treatment beds and more based on client need. The company, which has more than 25 years in the business, puts guest experience at the forefront of its innovative products."

# The Gharieni Group

With more than 30 years of experience, Gharieni Group GmbH is one of the leading international manufacturers of high-quality spa tables, treatment tables, and equipment for the areas of spa, wellness, cosmetics, and foot care/podiatry.

Our tables and device furnishings, as well as our cosmetic and medical equipment, are sold on all continents in nearly 100 countries worldwide. Luxury hotels as well as high-end spas and resorts around the globe rely on our "Made in Germany" products.

First-class material, outstanding quality, the best functionality, modern design, and exclusive innovations, coupled with the flexibility to respond quickly to customer requirements: that is our company's maxim.

We do not just think of ourselves as a manufacturer of equipment. We are in fact concerned with creating very special well-

ness experiences. Thus we have both the end customer as well therapists in mind. We want to offer end customers unique relaxation and treatment experiences and therapists absolutely comfortable, ergonomic working with our products.

When developing our products, we think it's important to "think outside the box." Our in-house development department works continuously with specialists from other professions. This brain-pool isn't just the birthplace of new ideas. The expertise and innovations of other industry branches are also profitably incorporated here, such as in the fields of medicine and technology. In addition, designers with their expert knowledge are available for visually and functionally convincing implementation.

Our vision is simple: We want to offer you as our customer nothing less than the best possible equipment for unforgettable moments.

# Certified Quality

for Gharieni treatment tables  
and treatment units

"Made in Germany" production

In order to always live up to the "Made by Gharieni" brand, the standard "quality without compromise" applies in our company. This also includes guaranteed quality, because only this offers customers both transparency and security. In order to provide you with clear facts about the proof of production and to show that social responsibility as well as consumer interests are very important to us, we have put ourselves through a costly certification procedure by TÜV NORD and since early 2012 it's "official." In accordance with the TÜV NORD test criteria, our products in the areas of treatment tables and treatment units may be awarded the seal "Made in Germany!"

Quality management  
in accordance with ISO 13485

Of course, our manufacturing and administration are also subject to constant quality control. Comprehensive quality management of business processes has been in existence for over ten years and includes ISO 13485 certifications. As a customer, this guarantees you both product quality and excellent service, a combination that can hardly be found elsewhere!

# Treatment Beds Options

## Soft Upholstery

In addition to the standard upholstery, tables with this symbol can also be equipped with a significantly thicker, very soft cushioning. Depending on the type of table, this soft upholstery is available with both a PU and synthetic leather cover. The extra-soft upholstery provides an even higher degree of lying comfort, in particular for longer treatment sessions.

## Electrical Armrests

For even more comfort, the armrests - as well as the height, the back, leg, and foot section - can be fitted with actuators for electrical adjustment. In addition to direct control via pushbuttons on the armrests themselves, their position can be conveniently saved using the memory functions. This can bring the entire table into the preprogrammed position with the push of a button.

## Vibro-Wellness

Vibro-Wellness is a pleasantly massaging vibration system. Ten different vibration motors in the upholstery can be controlled individually via a manual switch. The vibrations work on shoulder (back part), seat, and calves.

## Smart-Thermo Heating System

The intelligent Smart-Thermo heating system is integrated into the upholstery of the table and works with modern microprocessor technology. During the start-up phase, it heats with full power to achieve a comfortable temperature on the surface as soon as possible. Then, it is kept constant until the safety switch automatically turns off the heating after a predefined time. The variable parameters can be set via a programming sequence, which is initiated by a specific key combination. The Smart-Thermo heating system works with DC and is therefore almost free from electrosmog.

## Logo embroidery

Treatment beds with this symbol have the option of having your logo embroidered into the upholstery or the neck rest. Only possible with synthetic leather upholstery.

## (Multi-)Color upholstery

For the table models with this symbol, two or three colors can be selected from our various trendy colors and combined in a multi-color upholstery. You can find our color charts with the current collection on page 19 of the catalog.

## Dual Headrest

Spa tables with this symbol can be equipped with the new, unique dual headrest. With this version, the face cradles can be swapped between a classic o-shaped and a softer horn-shaped insert.

## Multifunctional Headrest

The special headrest holder allows a variety of individual settings thanks to its double-joint system, which can not be achieved with a normal headrest. In conjunction with the separately available head sections, this makes almost every treatment in the head area possible. The following attachments are available:

### Crescent headrest

This headrest made of soft, washable PU, is ideal for cosmetic treatments, because the areas of the throat, neck, and shoulders are completely free and can thus be treated comfortably. At the same time, the customer's head is held in a comfortable and stable fashion. Also ideal for permanent makeup and foot care/podiatry!

### U-shaped headrest

With washable synthetic leather, soft upholstery. Both headrests can only be used in conjunction with the multifunctional mounting. Ideal for back massages!

# Table Options

## XL Extension

This clever alternative to the conventional headrest allows individual adaptation to each customer: Simply remove the standard headrest and replace it with the XL Extension. This way both slimmer and wider individuals can be treated in a fashion that is ergonomically best for them. This is particularly useful in the massage position because the XL Extension serves as a support surface for the arms. The XL Extension can of course also be adjusted by simply pulling it out. For the Lina, SLXP and SPL treatment beds, the XL Extension is also available with a face cradle! (Not available with soft upholstery!)

## Color- XL Extension

The XL extension can of course also come in a color from our current collection, as can the table itself. You can find our color charts at page 19.

## Color Basic

### Color casing

A treatment bed with this symbol is also available with the base, in addition to the standard white, in titanium-colored casing..

Casing in  
titanium

White standard  
Casing

### Special coating of the metal parts

A special coating of the metal parts in RAL colors is possible in models with this symbol. The colors black-brown, white, and titanium (RAL 9007) are included in the table price.

## Spa Ambience Light

Present your spa table in the proper light! This symbol indicates tables with hidden LED bar at the base. The indirect lighting creates an atmospheric ambience. With most tables you can choose from eight different light colors as well as an automatic color change at the push of a button.

## Wood Decor

Most of our spa tables are available standard in wenge-pattern or white. For tables with this symbol, you can also select your own favorite decor and before you know it, your table will be a perfect fit for your space! Ask for our current decor palette or visit our website at:

[www.gharieni.de/farbpalette-holzdecors](http://www.gharieni.de/farbpalette-holzdecors)

### Gharieni standard decors

## Rotonde

The Rotonde function enables treatment beds to be rotated to the left or right a total 330°. Due to this rotation, the customer can be easily put into the ideal position during treatment. By means of a side lever, the desired position of the table can be determined and also released again. 360° rotation is possible with our hydraulic models. Here the Rotonde function is included for technical reasons.

## Castors

### Additional castors

Treatment beds with this symbol can be equipped with braked castors. This makes it possible to easily move the table.

### Electrically retractable castors

Instead of the mechanical castor mechanism, our spa tables with this symbol are also available with electrically retractable castors. These are controlled via the table's manual switch. That means: Mobility at the push of a button; it doesn't get any easier!

# Table Options

## Foot Switch

### Foot switch Bluetooth®

Now various table models can be equipped with our new Bluetooth® foot control. In addition to operating individual functions, specific key combinations can also be used to call up pre-programmed reclining positions. This makes working even more efficient.

### Foot switch wired

Depending on the table model, foot switches with different functions can be used.

For certain spa tables, foot switches with memory function are available. These allow you to call up preset table positions in addition to the basic functions such as height or tilt adjustment. With the standard foot switch, only the basic functions can be controlled.

## Aroma Therapy

Enveloped by pleasant scents during treatment - with the Aroma Therapy option you can turn your treatment into a wellness experience for all the senses.

Depending on the table model, you can release aromas from one or three integrated fragrance chambers at the push of a button. The fragrances can be exchanged as desired.

## Multimedia

### Multimedia sound system

The sound experience for your table! The built-in audio interface offers a modern interface between many playback devices and your spa table. With the speaker integrated into the table, customers can relax to their own favorite music. At the touch of a button, you can choose between targeted playback on the head area or the entire room.

Connection options: Bluetooth, SD card, USB, AUX, and iPhone.

# Pedicure Chairs

Our pedicure chairs are functional and flexible. The seats are versatile and adjustable and can be controlled by hand switch. Depending on the bed model, up to eight positions can be saved via memory function. The quality actuators from Linak have the "Spline" safety feature, which prevents the danger of crushing on moving parts. For non-actuator-driven table parts, Stabilus pneumatic springs provide easy adjustment without much effort.

The construction of the chairs was designed taking ergonomic aspects into account. Numerous elaborate details, such as the optional Rotonde turning function, make the job easier. Pull-out head and foot sections provide comfort to customers of all body types.

A particular highlight is the Airback®, a lumbar support system whose adjustment is controlled by air pressure via a hand pump.

Airback® comes standard in all pedicure chairs. Our treatment beds always come equipped with a white Gharieni synthetic leather upholstery. Here you can choose from a large number of colors in addition to the standard equipment.

These can be found in the rear flap of the catalog. Choose your favorite from the Gharieni color chart or from the exclusive Ferrari Stamskin top collection! On some bed models, you can put together your own personalized bed from up to three different colors. The casing is made from robust, easy-to-clean, and colorfast plastic. It is available on almost all models in addition to the standard white in titanium.

The options table will show you which equipment options you have that can be found on the corresponding beds. The individual options are then page 12 explained from there. You can find an extensive list of accessories at the end of each bed section.

# Lina Select Podo Series

## Gharieni Lina Select Series

Slim, elegant design, maximum comfort and variability. – Our Gharieni Lina Select Podo series is the ultimate for the pedicure! Because the innovative Lina's program is "Select," which combines optimal working and table comfort as well as individual versatility.

You can thus choose from the following versions of the one-piece upholstery cover with memory foam:

- Standard – the perfect "bottom layer" for massages
- Soft – for even more comfort, even with time-consuming treatments

Particularly practical: On all models, the armrests for massage treatments feature double-sided upholstery and can be folded down. In addition, the head and foot sections can be pulled out and removed. And of course you can adjust the height, inclination, back, and leg sections electrically and store up to four positions. In addition, the bed can be equipped with the upholstery-warming Smart-Thermo heating system. All Gharieni Lina Select models are also available as versions with single leg section.

# Lina Select Podo Series

Extraordinarily variable

All of the Gharieni Lina Select series models are extraordinarily versatile. The height is adjustable from 54-96 cm and the head and foot sections can each be pulled out by 10 cm. The backrest

can be set up to 70° and the seat can be tilted by 25°. In addition, the leg rests can be tilted down by 75°. And for massage treatments, the double-upholstered armrests can be folded down.

High-end application

The sides surfaces of the foot of the Gharieni Lina Select Alu feature the same synthetic leather as the bed upholstery. Optionally, however, it is also possible to choose an elegant wood decor.

Usable on both sides

Particularly practical: On all Gharieni Lina Select models, the armrests feature double-sided upholstery and can be folded down. This allows them to be used for prone massage treatments.

Lightweight, elegant & stable

The foot of the Gharieni Lina Select Wood looks elegant, but at the same time it is extremely stable. With a wood decor of your choice, the bed can be perfectly adapted to the ambience of your workspace.

Dentalax neck rest

Indispensable for a pleasant treatment: the Dentalax neck rest. It supports the position of the neck and the head and thus ensures maximum comfort.

Three different headrests

In addition to the standard headrest, the 601 can be equipped with two other variants: the Dual, with an exchangeable round or crescent-shaped face cradle or U-shaped headrest

Adjustable armrests

For optimal adaptation to the customer, the armrests can be moved outwards. Thus, the 601 offers even more comfort for every body type..

Paper roll holder

With a paper roll holder mounted on the back of the couch, you can always pull protective paper over the treatment bed.

Holder for (magnifying) lamps

A surprising and handy feature is the extendable magnifying lamp holder made of stainless steel. Designed to fit the Circle LED magnifying lamp, it simply disappears under the bed when not in use.

# SPL Neo Podo Series

# Gharieni SPL Neo Podo Series

If you are looking for a solid treatment bed, our "Gharieni SPL Neo Podo" and "Gharieni SPL Neo Podo Soft" are just right for you. With its three or five actuators, the two bed models can be adjusted as quickly as you want: From starting position to the classic treatment position, to the massage position, you can save up to eight different settings and retrieve them simply by pressing a button.

With the "Standard" and "Soft" upholstery versions, the Gharieni SPL Neo Podo offers different degrees of firmness especially for your treatments. Fold-down armrests as well as a lower bed access height make it easier for shorter customers to step up. At the same time, the pull-out headrest and footrest offer taller people optimal comfort. The seat surface rotates thanks to the optional Rotonde function. This gives you even more flexibility when working. You can choose the color of the bed upholstery – for the best look to match the ambience of your workspace – from our large PU and synthetic leather collection. The SPL is also available as a Podo version.

## Features:

- 5-actuator version: height, seat inclination, back and leg sections electrically adjustable by hand control
- 3-actuator version: height, seat inclination and backrest electrically adjustable by hand control, leg sections adjustable by gas spring

## For all treatments

The SPL and Gharieni SPL Neo Podo Soft can be perfectly positioned for your treatments. So you can adjust the chair height to 63-100 cm, set the backrest to 70°, tilt the seat by 25°, and adjust

the leg rests from 0 to -90°. Headrest and footrests can be extended by 10 cm and the armrests can be swiveled backwards.

Rotonde function

This feature allows the seat to be turned left or right by up to 330°. By means of the side-mounted locking it can be easily fixed in any position.

Headrest with XL extension

The adjustable and retractable XL extensions is a support surface for the arms, especially for prone body massages.

Manicure bowl

As with many other Gharieni treatment beds, the SPL also allows the installation of a detachable manicure bowl on the armrest (Exception: Soft upholstery).

Footrest

This practical chrome-plated footrest protects the plastic casing of the base from mechanical wear and tear and dirt during head-side treatments.

# PLS Series

## Exceptionally flexible

The models of the Gharieni PLS series convince by their extraordinary variability. The height is adjustable from 49.5 to 84 cm and the leg rests can be extended by approx. 25 cm. With the optional foot rests, the leg section can be extended to approx.

77.5 cm. The backrest can be raised by 70° and has an inclinable headrest. The leg sections can be turned outwards to make it easier to get on, while the seat can optionally be tilted forwards and the armrests swivelled backwards.

Extra long leg section

Due to the adjustable lower leg pads and the optional foot rests, the leg sections can be extended to a length of approx. 77.5 cm. This guarantees the best comfort for all body sizes.

Easy access

The swivelling leg sections and armrests as well as the seat that can be lowered at the front (entry aid, included in the optional memory package) make it easier to take a seat on the Gharieni PLS.

Variable seat

Thanks to the manually adjustable seat surface, the seat depth can be perfectly adjusted in four steps from 49 to 51 cm to suit the anatomical characteristics of your customers.

Collecting tray

The optional collecting tray can be fixed to the leg section by means of a special holder, thus enabling practical, hygienic working.

# MLX Limber Podo Series

# Gharieni MLX Limber Podo

The Gharieni MLX Limber Podo's numerous adjustment options provide unique flexibility - for a new dimension in your treatments.

Four different model variants (see "Spa, Beauty & Wellness" catalogue), each available with or without storage space, offer the ideal equipment for every requirement.

With the Gharieni MLX Limber Podo, the foot rests can be swivelled to the side, which makes working on the feet extremely easy. The oval-shaped lying surface and the extremely narrow base provide better access to the leg, head and neck areas. Up to six motors allow extreme positions and make the Limber a multifunctional couch with unmatched flexibility.

The optional storage space in the couch base allows practical storage of work accessories and equipment.

## Features:

- Height, inclination, head, back, leg, and foot section are electrically adjustable
- Up to eight pre-stored positions can be called up at the push of a button
- Lowerable armrests
- Armrests swivel horizontally
- Inclinable head section with face cradle
- Trendelenburg feature
- Locking feature
- With PU comfort upholstery in two thicknesses or synthetic leather upholstery
- Standard upholstery color: White. Other colors from our color collections for additional charge
- Base in white or wenge, optional in other decors
- Doors made of Corian®
- Depending on the model with generous storage space in the base, for example for up to two medium-sized Hot Cabis

- Height: approx. 63-98 cm
- Length: approx. 200 cm

# MLX Limber Podo

## All-rounder

The Limber Podo is extremely versatile. In addition to the complete functions of a high-class spa table, the Podo version offers laterally swiveling and lowerable footrests. These allow, in addition

to classic foot treatments, the use of our matching mobile PediSpa tub. This way your customers are well taken care of!

Side swiveling footrests

Thanks to the horizontally swivelling foot rests, you have free access to your feet during foot treatment.

Mobile PediSpa

With the rollable "PediSpa Mobile" you can pamper the feet of your customers on the Limber Podo. The tub offers a height-adjustable footrest and exchangeable inlays.

Storage space in the base

The optional storage space in the base allows you to store your equipment and work utensils directly and always at hand.

Base without storage space

Even without storage space the Gharieni MLX Limber looks great. The attractive metal-wood design provides an elegant, modern look and fits into any ambience thanks to the large selection of decors.

## Gharieni SPLmed Series

The Gharieni SPLmed was specially developed for use in medical rooms and is a Class 1 medical device according to Directive 93/42/EEC and EC Directive 2007/47.

With its four drives, the treatment bed model can be adjusted particularly quickly as desired: From the entry position to the classic treatment position to the massage position, you can save up to eight different settings and call them up simply at the touch of a button.

Tiltable armrests and a low step-in height make it easier for smaller customers to get in. In addition, the extendable headrest and footrest offer optimum lying comfort for larger persons. The seat can be swivelled with the optional Rotonde function. This gives you even more flexibility when working. You can choose the colour of the upholstery from our large imitation leather collection to create the right "look" for the ambience of your rooms.

### Features:

- Four particularly fast drives
- Height, inclination, back and leg area electrically adjustable
- Foldable armrests
- Extendable headrest and footrest
- Airback® lumbar support system integrated in the upholstery (see page 18)
- Spline safety drives to reduce the risk of crushing

# SLR MD

## Gharieni SLR MD

From the classic treatment position to the setting for massages - as a treatment couch, the Gharieni SLR is multifunctional. Equipped with four actuators, you can electrically adjust height, back, seat angle and leg section via a hand control and also store four memory positions. Flexible working is also made possible by the small width of the upper back section. Thanks to its mechanically extendable castors, the Gharieni SLR is also easy to move. The couch has a low entry height of only 58cm; and the seamless imitation leather upholstery made of one piece offers your customers optimum comfort.

The base of the Gharieni SLR is available in titanium look with stainless steel elements. Equipped without armrests as standard, this couch can optionally be extended with various exchangeable and removable armrest variants.

### Features:

- Small back width for flexible working
- Height, back, seat inclination and leg section electrically adjustable via hand switch
- Four memory positions can be stored
- Various removable armrest variants can be used as an option
- Titanium-look base with stainless steel elements
- Low entry
- Seamless artificial leather upholstery
- Standard upholstery colour: white. Other colours from our colour collection for an extra charge.
- Mechanically extendable castors

Variable PU armrests

The optional PU armrests, thanks to their special design, allow for use at variable heights. They can be effortlessly removed and used on opposite sides. This results in a high or low position for resting the arms. In addition, you can also remove the armrests altogether if the treatment requires it.

Mechanically extendable castors

Thanks to the mechanically extendable and retractable castors, the bed can be easily moved and safely positioned.

Locking function of the armrests

The armrests can be fixed parallel to the backrest or completely folded backwards. They automatically stay there in their final position.

# Treatment Beds Accessories

## Upholstery Covers

With the right covers your treatment bed will always be well protected against different types of stresses and strains. The table-specific covers are an exact match to the individual upholstery segments. With their integrated elastics, the parts of the terrycloth stay exactly where they belong, thus having no effect on the functioning of the bed.

Thanks to the high-quality material, machine washing up to 60°C is possible and therefore hygienic cleaning is possible. Our covers are available in white, choco, macchiato and black. It is best to order the right cover directly when you buy your table. Our team would be happy to help you decide!

## Dentalax Neck Rest

This little accessory supports the neck and helps to stabilize the head. This creates a more comfortable table experience while relieving the neck vertebra. We recommend the Dentalax for each of our treatment tables as an optimal supplement for the best lying comfort and an increase in treatment ergonomics. The neck rest is available to match the upholstery color of the table.

## Roll Holder Including Paper Roll

The optional paper roller provides you with a practical, disposable protection for your table. This can easily be attached to the bed. As needed, the 50 cm wide paper is unrolled and pulled over the lying surface. After use tear it off at the perforation line and discard. A neat thing!

# PediSpa Compact

## Gharieni PediSpa Compact

With our PediSpa models, you can not only work perfectly professionally, but the foot bath also becomes a special wellness experience. Because these treatment tables offer exceptionally comfortable seating. The space saver among the PediSpas is the PediSpa Compact, which is permanently installed on the floor and has an integrated water inlet and outlet as well as a pull-out hand shower. Its basin is covered by the frame as soon as the seat is pushed forward. In addition, the little step on the front can be pulled out. Featuring a non-slip surface, customers can comfortably and safely be seated and also "descend" back down again. In addition, the PediSpa Compact is available with two armrests: standard with low armrests or optionally with high armrests, each of which can be equipped with an integrated folding tray.

### Features:

## Chair/Stool "Anatomical saddle-seat"

Our specialists when it comes to ergonomics are the anatomical saddle-seat stools and chairs. Thanks to their specially curved seat design in the Large and Small versions, the saddle-shaped seats ensure optimal pressure distribution in the buttock-area while relieving the strain on the thighs. The "For Men" model, with its recess in the front part of the seat, also caters to the special ergonomic needs of men.

The "floating" version also offers a seat that swings in all directions to maintain the mobility of the pelvis and promote the flexibility of the discs.

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest and a tilting seat.

### Features:

- Anatomically-shaped saddle-seat
- Pneumatic height adjustment
- Rotating saddle-seat
- Comfortable upholstery
- Chair version with inclinable seat to relieve pressure on the thighs
- "Air" chair version with air chambers to relieve pressure
- Washable and durable cover
- Synthetic leather cover in white
- 5-caster safety base
- Rubber castors with Roll-Stop function
- Optional with floating equipment: swinging, adaptable to the movement of the seat, in two types of firmness (soft and medium)
- Base in three colors: Black (standard), titanium, or chrome
- Four base versions (see page 127)

# Stools & Chairs

## Chair/Stool "Saddle-seat"

Our saddle-seat chairs or stools have a specially shaped seat similar to a bicycle. The advantage here: The recesses on the seat minimize the unpleasant pressure of the seat on the thighs. The durable synthetic leather upholstery is available in different colors (see color chart in the cover)

All models have the obligatory height adjustment and the five-castor safety base. The chair model is also equipped with an adjustable backrest as well as a tilting seat.

### Features:

- 50-62 cm height adjustment
- Saddle-shaped, flat seat
- Pneumatic height adjustment
- Rotating saddle-seat
- Chair version optionally with inclinable seat to relieve pressure on the thighs
- Comfortable upholstery
- Washable and durable cover

## "Round" chair/stool

Our round stools and chairs feature comfortable and robust upholstery.

The durable synthetic leather cover is available in different colors (see color chart in the cover)

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest as well as a tilting seat.

### Features:

- 50-62 cm height adjustment
- Round, flat seat
- Pneumatic height adjustment
- Rotatable seat
- Chair version optionally with inclinable seat to relieve pressure on the thighs
- Comfortable upholstery
- Washable and durable cover
- Synthetic leather cover in white, additional colors optional

Attachment trolley for professional suitcases

This space-saving trolley can be quickly attached to the back side of the case for easy transport of the case set.

Foot pedal

With this optional foot pedal you can steplessly regulate the speed of the handpiece motor.

Alfa Air Quantus 50+

Art. 33195

## Alfa Air Quantus

A quantum leap in vacuum technology.

### Quiet

The appliance is one of the quietest ones (only 52dBA) on the pedicure market. You have to really listen to find out whether the appliance is operating or not.

### Strong

Operating with brushless micro actuators, the appliance provides 5,000 to 30,000 resp. 40,000 rpm optimum torques. No „slipping“ of the milling, no „sticking“ of the micro motor even at low speeds with a bigger milling diameter.

Moreover, the brushless suction motor provides an efficient suction capacity and a long service life.

### Light

Due to its revolutionary suction technology, the appliance is lightweight as it is not equipped with traditional heavy suction turbines. This provides the technician with better working tools for mobile pedicures and a reduced workload.

- Height: 14 cm
- Width: 28,4 cm
- Depth: 26,5 cm
