

GHARLENI
PEDIspa

Gharieni PEDISpa

The world's first 5-motors-powered treatment bed of this kind. With 5 fields of application: Suitable for pedicure, manicure (using of optional accessories), facial treatments (as the backrest is inclinable backwards), make-up (by manually rotating seat) and hair care (by removable headrest).

The housing and base of Gharieni's Pedispa consist of high-quality white Corian® as standard. Different colours are optionally available. The upholstery of the seat consists of durable

white artificial leather as standard. Different colours are also optionally available. The inclination of the backrest and seat are electrically adjustable. Furthermore, the height of the legrest as well as the distance between legrest and seat are electrically adjustable. The unit is equipped with freely programmable memory-positions, which allows all 5 motors move in the desired positions in sync. The seat can be swivelled 90° to both the right and left. The headrest can be manually tilted to front.

FUNCTIONALITY

5 in 1 - PEDICURE | MANICURE | FACIAL | MAKE-UP | HAIR CARE

1: Manually-adjustable headrest by approx. 25° forwards. **2:** Electrically-adjustable backrest from approx. 26° to 75° backwards. **3:** The seat is electrically-adjustable in height from approx. 63 cm to approx. 93 cm, **4:** electrically-movable backwards and forwards by approx. 17 cm and **5:** electrically-inclined backwards by 14°. **6:** The height of the footrest is electrically adjustable by 20 cm. **7:** The seat can be swivelled 90° to both the right and left. **8:** The optional manicure bowl and **9:** the tray is easily and quickly fitted by a plug-in function on both armrests. **10:** The length of the base is approx. 150 cm, **11:** the width is approx. 80 cm and **12:** the height is approx. 43 cm.

Automatic filling via **WATER FALL with PEARLSTREAM.**
In PediSpa DELUXE.

The digital **SMART TOOLS** ensure convenient operation.
In PediSpa COMFORT, -SUPERIOR, -DELUXE.

SPA-Programs: VITALIZE & RELAX:

In PediSpa SUPERIOR, -DELUXE.

The **FOOT BATH ATT** of Dornbracht combines different jet types, comfort-functions and pre-programmed scenarios, the effects of which remain long after the application is finished.

In the **FOOT BATH ATT**, you can choose between two scenarios:

VITALIZE refreshes, stimulates and gives power to the body. Four jets massage the reflex zones on the sole of your feet with increasing pressure intensity and fluctuating temperatures.

RELAX stimulates, relaxes and warms. First your feet are dipped in warm shallow water; then the temperature and water level rise slowly – until, after 10 minutes, you leave the feeling relaxed.

A dynamic splash of clear blue water against a white background, with various droplets and bubbles scattered throughout the scene.
